— Tips and Characteristics

- Its new formula provide high cleaning on all surfaces and colors.
- Coconut oil is good for conditioning leather because it is hypoallergenic, and it will not destroy the leather because of its moisture repelling quality.
- Aluminum pump-spray without gas and easily to recycle.

— WHAT AN AMAZING CLEANING PROCESS!

1. The WASC! penetrates to the deepest fibers looking for the most stubborn stains and dirt.

2. When the particles find the dirt, they start the AMAZING CLEANING process, all of them generate a circular process to catch the dirt to take it off from the fibers.

3. During the AMAZING CLEANING process, the different particles, try to catch to most quantity of dirt, trying to remove that with the less possible time.

4. Once the dirt is catch, the product generates a circle of particles around it and brings it to the surface to be cleaned with a shoe duster or a cloth.

— WHAT AN AMAZING CLEANING FORMULA!

Distilled water, free of calcium, sodium, iron, copper, carbonates, fluorides, chlorides. It avoids that the water adds a superficial residue when applying the product, deteriorating the breathability of the surface.

Degreasing surfactants, remove the most stubborn grease or any type of dirt very easily from the fibers, thanks to its high cleaning power.

Surfactants derived from coconut oil, solubilize and emulsify dirt, making it better detach from the fibers, detangling the fibers and providing a softening effect. At the same time, they are non-abrasive, so they are especially important when cleaning delicate surfaces.

Secret ingredient with ECOCERT certification, this ingredient with a high technology components, provides even more cleaning power to the product, and thanks to this, recovering the original color of the sneakers, without altering their color or texture.
